VITAX SAFETY INFORMATION SHEET

IDENTIFICATION OF PREPARATION SEATURF IRON EXTRA

Packaging: 10 litre HDPE containers.

AND COMPANY Vitax Ltd, Owen Street, Coalville LE67 3DE Tel: 01530 510060

COMPOSITION Aqueous seaweed extract containing iron sulphate.

INGREDIENT % w/w CLASSIFICATION CAS NO EC NO Ferrous sulphate heptahydrate 13 Xn R22 7782-63-0 231-753-5

HAZARDS IDENTIFICATION Not classified as dangerous.

FIRST AID MEASURES Accidental over exposure may result in the following symptoms:-

Eye Contact - pain and redness.

Skin Contact - unlikely to cause irritation.

Ingestion - expected to exhibit low toxicity. May irritate gastro intestinal tract causing abdominal spasms, diarrhoea, faintness and muscular spasms.

Inhalation - irritation of respiratory tract.

Additional medical guidance is available to doctors from the National Poisons

Information Service.

Eye Contact - irrigate with water thoroughly.

Skin Contact - wash hands and exposed skin after use.

Ingestion - wash out mouth with water and seek medical advice.

Inhalation - remove to fresh air.

FIRE FIGHTING MEASURES Not flammable.

Extinguishing media: Extinguish with water spray or dry powder. Contain

contaminated run-off.

Exposure hazards: In intense heat, product decomposition will release

hazardous nitrogen and sulphur oxide fumes.

Special protective equipment: Wear self-contained breathing apparatus in

confined spaces.

ACCIDENTAL RELEASE MEASURES Personal precautions Refer to exposure controls/personal protection and disposal

considerations for further details.

Environmental precautions: report to local water plc immediately if spillage enters drains and the Environment Agency or Scottish Environment Protection

Agency if it enters surface or ground waters

Spillages: Soak up with absorbent material such as sand. Transfer to heavy

duty plastic bags or drums and keep safe for disposal.

HANDLING & STORAGEHandling: Do not block stack pallets.

Storage: Store in original containers, tightly closed in a secure, well ventilated,

cool but frost-free, dry area away from foodstuffs and herbicides.

EXPOSURE CONTROLS/ PERSONAL PROTECTION

not

Occupational exposure standard for iron salts (as Fe) in air: 1 g/m³ (8 hr) 2 mg/m³ (15 min). Normal good hygiene standards should be observed. Do

eat, drink or smoke when handling spillage.

PHYSICAL & CHEMICAL Appe

PROPERTIES

Appearance brown liquid

Odour distinctive marine odour

pH 4-5

Boiling point not available

Melting point N/A Flash point N/A Flammability N/A
Autoflammability N/A
Explosivity N/A
Oxidizing properties N/A
Vapour pressure N/A
Relative density 1.265

Solubility soluble in water

Other data none

STABILITY & REACTIVITY Stability: Stable under normal conditions.

Conditions to avoid: Mildly corrosive if left in contact with ferrous metal **Hazardous decomposition products:** Product decomposition under intense heat

may release toxic nitrogen and sulphur oxide fumes.

TOXICOLOGICAL INFORMATION Not classified as harmful by inhalation, ingestion or in contact with skin.

To the best of our knowledge physical, chemical and toxicological properties have

not been fully investigated.

ECOLOGICAL INFORMATION Natural plant growth regulator provides micro-nutrients essential to plant growth.

DISPOSAL CONSIDERATIONS Dispose of waste through a reputable waste disposal contractor and in accordance

with the Environmental Protection Act 1990.

TRANSPORT INFORMATION Not classified as dangerous for carriage.

REGULATORY INFORMATION Not classified as dangerous for supply.

Occupational exposure standards for iron salts (as Fe): 1 mg/m³ (8 hr),

 $2 \text{ mg/m}^3 (15 \text{ min}).$

OTHER INFORMATION The product label provides information on the use of the product: do not use

otherwise, unless you have assessed any potential hazard involved and the safety

measures required.

Prepared by VITAX LTD, for Health and Safety purposes from the best knowledge

available at the time of printing.
