The Ultimate Pitch Package

Everris and Syngenta brings the dream of Primo Maxx treated pitches within reach, to add great value in terms of pitch management and quality, AT THE 2011 PRICE!

The package includes the following products:

- 4 x 10 litres Primo Maxx
- 36 x 15kg Everris Sportsmaster
WSF High N 35.0.14 **or**
WSF High P 16.32.16 **or**
WSF High K 15.0.43 water soluble fertilizers
- 13 x Syngenta turf foliar nozzles **or** Calibration Kit (includes Calibration Cylinder, Nozzle Height Indicators, Podcast/DVD)

Using the package the following programme can cover between 25-50 hectares depending on application rate (approximately 3 x applications on 8-16 pitches).

	Application 1	Application 2	Application 3
Primo Maxx	0.8-1.6 l/ha	0.8-1.6 l/ha	0.8-1.6 l/ha
Sportsmaster WSF High N/High P/High K	15 kg/ha	15 kg/ha	15 kg/ha
Application volume	250-400 l/ha	250-400 l/ha	250-400 l/ha

Commence applications when the turf is actively growing. Apply applications at 4-6 week intervals as appropriate. Adjust the rate of Primo Maxx based on the turfgrass species and relevant growing conditions.

This package provides the Grounds Manager with:

- Up to 50% reduction in the time and cost of cutting pitches
- Greater turf density
- Enhanced turf colour
- Better wear tolerance **AND**
- Improved drought resistance and shade tolerance
- Line marking requirements reduced

**ALL FOR
£2,965.00**
RRP £5,355.10
